

Living By Faith

Habakkuk 2:4

Introduction: One of the most important aspects of the Christian life is faith. Faith is more than just believing or thinking that something is real or true, it is trusting what you can't see because of the overwhelming evidence. Faith is what enables us to look different and be different than the world.

I. Faith's Focus Habakkuk 2:4

Where is God in this world?

God is moving history for his purpose

Therefore, I will trust him

II. Faith's Foundation Rom 1:17

Nothing compares to God's power, 1:16

The world is moving against God, 1:20-32

But God will justify his people

III. Faith's Freedom Gal 3:11

Many people try to change and increase God's law

Faith involves trusting God's Word alone

Those who hold to God will be rewarded

IV. Faith's Fight Hebrews 10:38-39

God's people are enduring terrible persecution

God will keep his remnant intact
